Activity: Students will select five notable sites they would like to visit in Canada and create a presentation that features each.

- Students should be encouraged to begin by using information from their virtual field trip to Canada.
- They should then use additional resources to look up additional popular Canadian sites or to gather necessary information to complete their slides.

Don't forget:

- Insert the full VFT student link on slide 2
- Make a copy of this presentation and delete this slide before assigning slides 2-7 to your students.
