

Cultivating Change The Human Impact on Rainforests

Correlating Video:

Amazon Rainforest: People and Threats
(Grades 5-9)

<https://virtualfieldtrips.org/amazon-rainforest-people-threats-grades-5-9/>

Activity:

Part One (slides 2-3):

Students will identify the negative impact and positive influence humans have on the Amazon Rainforest

Part Two (slide 4):

Students will create a poster to illustrate a solution to a problem in the Amazon Rainforest that was caused by humans.

Don't forget: Make a copy of this presentation and delete this slide before assigning to your students.

Cultivating Change

The Human Impact on Rainforests

Negative Impact

On the next page, use this space to make a list of things that describe the negative impact humans have had on the Amazon Rainforest.

Positive Influence

On the next page, use this space to make a list of things that describe what humans can do to positively influence the growth and protection of the Amazon Rainforest.

Use information from your virtual field trip and at least one additional source.

Cultivating Change
**The Human Impact
on Rainforests**

CREATE A POSTER

**Create a poster
on the next page that
illustrates a solution
to a problem in the
Amazon Rainforest
that was caused
by humans.**

**Make your poster directly
in the slide or upload an image
of one you make on paper.**
